

PREFERRED™ SERIES

ALUMINUM EVAPORATOR COILS WITH PURON® REFRIGERANT

**ENHANCED COMFORT AND ENERGY SAVINGS, PLUS
EXCEPTIONAL SERVICE FROM YOUR BRYANT DEALER**

Top Reasons It Takes Bryant

PASSIONATE SERVICE

Bryant dealers do more than just deliver quality products like our Preferred™ Series aluminum evaporator coils. They also deliver knowledge, experience and Whatever It Takes® to get each job done right, the first time. You and your system will receive the attention to detail and professional service delivered only by Bryant dealers.

EXCEEDING EXPECTATIONS

With more than 100 years of experience, Bryant offers a full lineup of products designed with whole-home comfort in mind. Through innovative design and rigorous testing, our products are built to exceed expectations, backed by Bryant warranty protection.

NEW CONVENIENCES

With a diverse line of products to address almost any need, including programmable thermostats with Wi-Fi® capabilities, convenient comfort can be yours when you choose Bryant.

CUSTOMIZED COMFORT SOLUTIONS

Heating and cooling solutions are not one size fits all. Our dealers provide solutions based on your specific needs. From financing and rebates to reliable products professionally installed, Bryant provides options that help keep you and your wallet comfortable.

EFFICIENCY & SAVINGS

High-efficiency comfort systems can reduce your energy consumption and carbon footprint. By reducing monthly utility bills over the life of your system, you'll see how efficient equipment pays off.

Customized Comfort

Bryant offers a variety of aluminum evaporator coils to match your Bryant comfort system. Your Bryant dealer can help you decide which is right for you. All designed for use with Puron® refrigerant.

A-Coils: Best airflow and highest AHRI ratings

Model CAPMP
Multi-Poise Cased A-Coil

Model CAPVP
Vertical Cased A-Coil

Model CAPVU
Vertical Uncased A-Coil

Slab Coils: Horizontal-specific applications

Model CSPHP
Horizontal Cased Slab Coil

N-Coils: Compact size for tight applications

Model CNPHP
Horizontal Cased N-Coil

Model CNPVP/T
Vertical Cased N-Coil
Transition Width

Model CNPVU
Vertical Uncased N-Coil

Warranty

To the original owner, Bryant Preferred™ Series aluminum evaporator coils are covered by a 10-year parts limited warranty upon timely registration of your new equipment.* Ask your Bryant dealer about optional extended warranties, which may include labor.

* Warranty period is 5-year parts limited warranty if not registered within 90 days. Jurisdictions where warranty benefits cannot be conditioned on registration will automatically receive a 10-year parts limited warranty. See warranty certificate at bryant.com for complete details.

Home Comfort Components

Many people don't realize that an evaporator coil is a key component to an air conditioner or heat pump system. Typically mounted to a furnace or fan coil inside your home, it's the main point of contact where heat transfer takes place so cool air can be distributed to your living areas.

Model CAPVU
Vertical Uncased A-Coil

Model CNPVP
Vertical Cased N-Coil

- 1 ENVIRONMENTALLY SOUND, ENERGY-EFFICIENT**
Bryant Preferred™ Series aluminum evaporator coils are designed for use with Puron® refrigerant to provide years of environmentally sound, trouble-free performance.
- 2 ENHANCED COMFORT**
Our Thermostatic Expansion Valve (TXV) ensures proper refrigerant flow during fluctuating pressures and conditions for top reliability and energy-efficient operation.
- 3 DURABILITY AND DRAINAGE**
Our base pan is made of a corrosion-resistant composite material. Integrated sloped drainage helps reduce build-up of mold, bacteria and other airborne pollutants.
- 4 LASTING LOOKS AND PERFORMANCE**
The sturdy cabinet on our cased models is painted to match your Bryant furnace to provide years of scratch-resistant good looks. (Models CAPVP, CAPMP, CNPVP, CNPHP, CSPHP)
- 5 LONGER LIFE**
Bryant advancements in aluminum manufacturing technology result in higher product reliability and as a result, potentially longer system life.

Built Bryant Tough

A leading cause of coil corrosion is formic acid, an organic acid that can be found in household products. In our extensive testing, Bryant aluminum coils provide significantly better resistance to indoor corrosives. They are built with thicker walls to further enhance system durability. They also exceed Department of Energy standards for pressure-based leaks.

Bryant aluminum fan coils with DuraTech provide the ultimate in corrosion resistance against typical household corrosives. No other manufacturer in the industry presently has an acceptable solution for this specific indoor coil corrosion issue, making Bryant the choice for worry-free comfort.

For more than a century, homeowners have associated Bryant heating and cooling products with the highest standards of indoor comfort and Bryant dealers as service leaders. Through commitment and dedication of our product development and manufacturing teams, we have consistently met every new challenge head-on and delivered the products to meet or exceed expectations. Our national network of passionate Bryant dealers is at the forefront of our success. Knowledgeable in the field, and equipped to address your home comfort needs, our dealers deliver customized comfort solutions to you and your family by doing...
