

Heating & Cooling Systems

PREFERRED™ SERIES

90+% GAS FURNACES

Model 926T and 926S

Benefits of a **PREFERRED™ SERIES FURNACE**

Increase winter energy bill savings

Up to a 96.5% Annual Fuel Utilization Efficiency (AFUE). AFUE is a measure of how efficient your furnace is at converting the energy in fuel to heat.

Provide consistent comfort

The variable-speed blower motor operates at precise torques selected to deliver quiet, dependable heating and improved humidity control.

Extra heat when needed

Two-stage gas valve (model 926T) provides low-stage heating under normal conditions and high-stage heating for extreme winter conditions.

Smart technology

A Preferred Series furnace gives you advanced features like Fan On Plus™ and SmartEvap™ moisture control.

Enjoy low-noise operation

Motor alternates between high- and low-speed operation (model 926T) for greater energy efficiency and reduced sound levels.

Rest easy with a long warranty

10-year parts and lifetime heat exchanger limited warranty when registered on time.¹

1. The limited warranty period is 5 years on parts and 20 years on heat exchangers if not registered within 90 days. Jurisdictions where warranty benefits are not conditioned on registration will automatically receive a 10-year parts limited warranty and a lifetime parts limited warranty on the heat exchangers. See warranty certificate at Bryant.com for complete details and restrictions.

Excellent comfort **WHATEVER** winter brings.

featured TECHNOLOGIES

Complete Preferred™ Series furnaces feature these exclusive advancements.

Fan On Plus™ Technology

Helps improve comfort all year long by allowing you to select different fan speeds during continuous fan operation.

SmartEvap™ Technology

Helps prevent unwanted humidity from re-entering your home when paired with a compatible thermostat.

Perfect Heat® Technology (model 926T)

Continually monitors and adjusts performance for multi-stage furnaces using current and past conditions.

Hybrid Heat® Dual-Fuel System

A dual-fuel solution that combines an electric heat pump with a gas furnace. This allows the system to choose the most efficient fuel source while delivering year-round comfort and efficiency.

Take charge with a complete **PREFERRED™ SYSTEM**

A complete Preferred system works as one to deliver whole-home comfort to you and your family.

ecobee
THERMOSTAT
Powered by Bryant

Achieve greater efficiency and whole-home comfort with this Wi-Fi® smart thermostat.

**PREFERRED AIR
CONDITIONER**

High-efficiency cooling power delivering whole-home comfort and energy savings.

**EVAPORATOR
COIL**

Matches to the proper outdoor unit to provide top cooling efficiency and years of reliable service.

AIR PURIFIER

Patented Captures and Kills® technology treats 100% of the air flowing through your system.²

HUMIDIFIER

Alleviates dry air by adding moisture.

VENTILATOR

Transfers heating and cooling energy to the incoming fresh air.

2. Based on third-party testing (2012) showing 95% of particles size 1.0 to 3.0 microns captured. Based on third-party testing (2012, 2007) showing > 99% kill rate for common cold surrogate, Streptococcus pyogenes and human influenza.

BRYANT® HEATING SOLUTIONS

There is a Bryant product for almost any heating and cooling need or budget.
Only your Bryant dealer can help you decide which is right for you.
